FIREPLACES AND HEATING Publishing house Beautiful Houses press

The magazine **Fireplaces and Heating** is the only Russian professional magazine about fireplaces and heating. **Fireplaces and Heating** exists since 1999 and informs the readers about new trends and technologies in the fireplaces and heating industries. Here you can find wide range of traditional and contemporary fireplaces as well as hand-carved, natural stone and marble fire surrounds and state-of-the-art customized designs. Besides we provide our readers with the cutting edge information about heating systems, heating boilers and radiators. Target-group - "Fireplaces & Heating" designers, architects, building companies, constructors, professional people, installers and house-owners. Our magazine **Fireplaces and Heating** can help your company to promote your products on the Russian market as well to find new distributors und clients throughout the Russia. We attend more than 20 events in all areas of Russian speaking countries.
